

21 February 2025

Mr Baey Yam Keng
Senior Parliamentary Secretary
Ministry of Sustainability and the
Environment

Mr Andrew Khng
Chairman
Public Hygiene Council

Thank you for your letter dated 20 February 2025, submitting the recommendations of the Public Toilets Taskforce.

2 The Ministry of Sustainability and the Environment (MSE) designated 2024 as the Year of Public Hygiene to highlight our commitment to raising the standards of public cleanliness and hygiene in Singapore. The Taskforce was commissioned with the objective of recommending new ideas and solutions to bring about cleaner public toilets.

3 I am heartened that the Taskforce has completed its work and proposed a list of recommendations to improve the cleanliness of public toilets, including those at coffeeshops and hawker centres. MSE will review the recommendations and provide our response during the 2025 Committee of Supply debates.

4 On behalf of MSE, I thank the Co-Chairs and members of the Taskforce for all your hard work. This report signifies the importance of partnership between government agencies, private entities, and the public to bring about cleaner public toilets. MSE remains committed to working with agencies and stakeholders to bring about cleaner public toilets for everyone.

Yours sincerely

Ms Grace Fu
Minister for Sustainability and the Environment
